- Only one version
- Limited accessibility features

#### ADDITIONAL LIMITATIONS

- △ Chrome-specific
- △ English only
- △ Unverified reviews
- △ Inconsistent performance reported

## **Frequently Asked Questions**

### **What is the ChatGPT Side Panel?**

The ChatGPT Side Panel is a browser extension developed for the Chrome web browser. It provides a convenient side panel that allows users to access and interact with the ChatGPT AI model while browsing the web without the need to navigate away from their current webpage.

---

### **How does the ChatGPT Side Panel extension work?**

The ChatGPT Side Panel extension works by providing a side panel within the Chrome browser. This panel can be accessed at any point during your browsing session, allowing you to interact with the ChatGPT AI model directly on the page you're viewing. This makes it easier and quicker to use ChatGPT, as there is no need to switch between different tabs or windows.

---

### **What features are offered by the ChatGPT Side Panel extension?**

The ChatGPT Side Panel extension boasts a compact design that eliminates the need of switching between multiple tabs or windows for accessing ChatGPT. It provides its users with an easy and quick way to interact with the AI. As for user privacy and data security, the developer has provided a privacy policy assuring that user data is neither collected nor used for unrelated purposes nor sold to third parties.

---

### **How can I install the ChatGPT Side Panel on my Chrome browser?**

The ChatGPT Side Panel extension can be installed via the Chrome Web Store. Once there, simply search for the extension, click on 'Add to Chrome', and then follow the instructions presented.

---

### **Does the ChatGPT Side Panel affect my browser's performance?**

No. The ChatGPT Side Panel extension is compact in size and carefully designed to be resource-efficient. It should not impact your overall browser performance.

---

### **What version of Chrome is compatible with the ChatGPT Side Panel extension?**

The ChatGPT Side Panel is compatible with Chrome version 114 and higher, as suggested by one of the user reviews.

---

### **Can I use the ChatGPT Side Panel extension in a language other than English?**

As per information available from the developer, ChatGPT Side Panel extension is currently available only in English.

---

### **How does the ChatGPT Side Panel extension ensure my data privacy?**

The developer of the ChatGPT Side Panel extension has clearly stated in the privacy policy that user's data is not collected or used for purposes unrelated to the extension's core functionality. Additionally, the data is not sold to third parties.

---

### **What do I do if the ChatGPT Side Panel extension is not working?**

If the ChatGPT Side Panel extension is not working, as one of the users has suggested, make sure your Chrome browser is updated to version 114 or later.

---

### **Can I use the ChatGPT Side Panel extension while browsing any website?**

Yes. By design, the ChatGPT Side Panel extension allows you to access ChatGPT on any webpage within the Chrome web browser.

---

### **Who developed the ChatGPT Side Panel extension?**

The ChatGPT Side Panel extension is developed by wong2.

---

### **Does the ChatGPT Side Panel extension require any specific system specifications?**

No specific system specifications have been listed by the developer, beyond using an updated version of the Google Chrome web browser.

### **Why should I use the ChatGPT Side Panel extension?**

The ChatGPT Side Panel extension allows you to effortlessly interact with the ChatGPT AI model while browsing the web. It enhances browsing productivity by eliminating the need to navigate away from the current webpage or switch between multiple tabs or windows.

---

### **How can I uninstall the ChatGPT Side Panel extension if I no longer need it?**

To uninstall the ChatGPT Side Panel extension, navigate to 'More tools' in the Chrome menu, select 'Extensions', find the ChatGPT Side Panel extension, and click on the 'Remove' button.

---

### **What user reviews and ratings has the ChatGPT Side Panel extension received?**

The ChatGPT Side Panel extension had been reviewed by 190 users, as per the data from the Chrome Web Store. Please note that Google does not verify these reviews, which can range from high praise to critical commentary or reports of technical issues.

---

### **Can I access ChatGPT Side Panel offline?**

As a browser extension, the ChatGPT Side Panel requires an active internet connection and cannot be accessed offline.

---

### **How can I contact the developer of the ChatGPT Side Panel extension?**

A contact link to the developer is provided on the ChatGPT Side Panel's page in the Chrome Web Store. Through this, you can reach out for any additional information or support.

---

### **What is the size of the ChatGPT Side Panel extension?**

The size of the ChatGPT Side Panel extension is 187KiB.

---
