- No option for revisions
- No preview before print
- No auto image optimization

ADDITIONAL LIMITATIONS

- △ Limited to couple portraits
- △ No single portrait option
- △ Long delivery time (7-14 days)
- △ Limited art style variety

Frequently Asked Questions

What is Imajinn AIP?

Imajinn AIP is a unique artificial intelligence platform that generates personalized, romantic couple portraits from uploaded photos. Users are provided with a large variety of art styles to choose from, ranging from renaissance and classic art to anime characters and modern art styles. Once the portrait has been created, the platform gives options for printing it onto a high-quality poster, wood framed canvas, or a poster mounted in a wood or metal frame.

How does Imajinn AIP work?

Imajinn AIP transforms submitted couple photos into custom-painted romantic portraits. The AI analyses the uploaded photos of the couple, generates hundreds of unique artistic representations from them and provides users with over 40 distinct styles to choose from. Once a style is chosen, it creates a detailed, customized portrait. Users can then choose to have the resulting portrait printed on a variety of mediums.

What kind of images can I upload to Imajinn AIP?

Users can upload photos of themselves and their partners. There are no specific limitations mentioned on the website regarding the type or resolution of images that can be uploaded.

How long does it take Imajinn AIP to process my images?

Although the website does not mention a specific processing time for creating the portraits, the total time from placing an order to receiving the final printed portrait in the mail is estimated to be between 7 and 14 days.

Can I choose the art style for my portrait on Imajinn AIP?

Yes, Imajinn AIP offers over 40 distinct art styles for users to choose from. These styles include historic art periods like renaissance, classic anime characters, or modern art styles such as graffiti, post grunge, or cyberpunk.

Does Imajinn AIP allow customization of the final art piece?

Yes, Imajinn AIP does allow customization. Firstly, users can customize their portrait by choosing from a variety of styles offered by the platform. They can also opt to have their finalized portrait printed on different mediums such as high-quality matte or semi-glossy paper poster, a wood framed canvas, or wood or metal mounted poster.

What are the printing options available on Imajinn AIP?

Imajinn AIP offers different printing options for the selected portraits. Users can choose to have their portrait printed on a high-quality matte or semi-glossy paper poster, a wood framed canvas, or have the poster mounted in a wood or metal frame.

Is there a specific size for the photos to upload on Imajinn AIP?

Imajinn AIP does not specify any particular size for the photos to upload, suggesting that it can handle varying sizes. However, usually, larger and higher-resolution photos lead to better quality portraits.

Do I require any specific skills to use Imajinn AIP?

No specific skills are required to use Imajinn AIP. The artificial intelligence technology powers the entire process, from generating the unique art styles to producing the custom portrait. Users simply need to upload their photos and select their preferred options.

What kind of AI technology does Imajinn AIP use?

Imajinn AIP employs advanced AI technology that has been trained with numerous images. This enables it to create detailed romantic portraits with volumetric lighting, digital painting, smooth rendering, and intricate detailing. It specifically curates a variety of styles based on classic art, anime characters, and modern art.

How can I order a portrait from Imajinn AIP?

Ordering a portrait from Imajinn AIP involves a few simple steps. First, the user uploads photos of themselves and their partner. Imajinn AIP then uses its advanced AI technology to generate numerous unique portraits in a variety of art styles. The user chooses their favorite portrait and the type of print medium they prefer. The order is placed by completing the payment process, and the final product is shipped to the user's address.

What are the frame options available on Imajinn AIP?

Imajinn AIP offers printed portraits on a wood framed canvas or as a poster mounted in either a wood or metal frame. The website does not provide further details on specific frame materials, colors, or designs.

In what formats can I receive my portrait from Imajinn AIP?

Imajinn AIP delivers final art pieces in physical format. Users can receive their finalized portrait as a high-quality matte or semi-glossy paper poster, a wood framed canvas, or a poster mounted in a wood or metal frame.

How long does it take to receive my order from Imajinn AIP?

The delivery time for orders from Imajinn AIP is estimated to be within 7-14 days. This includes the creation of the portrait and the shipping time.

What kind of lighting does Imajinn AIP use to create portraits?

Imajinn AIP applies volumetric lighting to the images as a part of the portrait generation process. This creates depth and adds a three-dimensional effect to the final art pieces.

Can Imajinn AIP create portraits that resemble classic art?

Yes, Imajinn AIP can create portraits that resemble classic art. It offers a variety of styles influenced by various art periods, including the renaissance. It also provides styles inspired by anime characters and modern art styles like graffiti, post grunge, or cyberpunk.

Does Imajinn AIP only create couple portraits?

While the primary function of Imajinn AIP is to create couple portraits, it's not explicitly stated that it exclusively produces only couple portraits. The website indicates that it uses the uploaded user images to produce the final product, suggesting that it might also accept individual portraits or other types of images.
