Frequently Asked Questions

What is ChatPDF?

ChatPDF is an AI-powered tool that allows users to interactively communicate with any PDF documents. The users can ask any questions directly to the PDF, making it easier to comprehend and access information. This tool is extensively suitable for professionals, students, and researchers.

How does ChatPDF work?

ChatPDF works by creating a semantic index for every paragraph in the PDF file. It uses a text-generation AI model similar to ChatGPT to understand the content and provide relevant responses. By doing this, it enables users to chat with PDF documents in a human-like conversational format.

Can ChatPDF understand the content of images in a PDF file?

No, ChatPDF cannot understand images within the PDF files. Its primary function is to interact with text-based components of PDF documents and deliver relevant responses.

Is user's data secure with ChatPDF?

Yes, user's data is secure with ChatPDF. The platform ensures data privacy by saving user data in secure cloud storage.

How long does ChatPDF retain user data?

ChatPDF retains user data for a period of seven days. After this duration, the data is deleted from their secure cloud storage to maintain data privacy.

How does ChatPDF aid in summarizing data from PDFs?

ChatPDF uses AI technology to extract information from large PDF files and summarizes the data. This allows users to save time they might spend writing notes or summaries, and it also makes reading and understanding complex documents simpler.

Can one chat with multiple PDFs using ChatPDF?

Yes, users can engage in conversations with multiple PDFs at once using ChatPDF. This feature aids in file organization and allows comprehensive interaction with multiple documents in a single conversation.

Is sign-in required to use ChatPDF?

No, sign-in is not required to use ChatPDF. Users can chat with any PDF file freely and without the need to sign in.
