#### ADDITIONAL LIMITATIONS

- △ Only integrates with Telegram
- △ Limited proposals per month
- △ Limited RSS feeds
- △ Requires subscription for full features

## **Frequently Asked Questions**

### **What is Pitch Pilot?**

Pitch Pilot is an AI-powered tool that has been engineered to enhance the experience of freelance users on Upwork. It integrates with Telegram to deliver instant job notifications from Upwork, and can generate custom proposals that are tailored by AI based on the job post specifications and the users' professional skills. It also includes unique features, like translating text to any language and adjusting the style, tone, wording, and length of proposals as needed. It offers Freelancer and...

---

### **How does Pitch Pilot integrate with Telegram?**

Pitch Pilot integrates with Telegram by providing a bot that sends instant job alert notifications from Upwork directly to the Telegram app of the users. It also enables users to respond to job posts by generating proposals within the Telegram app itself.

---

### **How does Pitch Pilot generate proposals?**

Pitch Pilot generates proposals using AI agents that consider the specifications of a job post and the professional skills of a user. The AI tailors highly personalized proposals that include relevant questions and suitable portfolio items based on the specifics of the job post.

---

### **Can I personalize the AI-generated proposals with Pitch Pilot?**

Yes, Pitch Pilot allows its users to personalize AI-generated proposals. It offers features to adjust the wording, style, tone, and length of the AI-crafted content to better reflect their personal voice and to meet specific client needs.

---

### **How does Pitch Pilot match job specifications against users' skills?**

Pitch Pilot's AI agents figure out the match between job specifications and users' skills by intelligently reading the details of the job post and the profile of the user. They then use this information to craft tailored proposals that are appropriate for both the job post and the user's professional skills.

---

### **Does Pitch Pilot include relevant questions and portfolio items in proposals?**

Yes, Pitch Pilot includes relevant questions and suitable portfolio items in the proposals. The AI system refines each proposal to ensure it is uniquely suited to both the job post and the user's professional skills.

---

### **How can Pitch Pilot enhance user efficiency?**

Pitch Pilot can enhance user efficiency in several ways. Firstly, by delivering real-time job alerts, it helps users to be one of the first to know about new job opportunities. Secondly, the tool enables the generation of proposals on-the-go, thus allowing users to manage potential job opportunities from anywhere. Thirdly, it features customizable proposal adjustments which make it easier for users to suit their proposals to specific client needs.

---

### **Can Pitch Pilot translate my proposals into other languages?**

Yes, Pitch Pilot can translate your proposals into any language, further demonstrating its flexibility and adaptability and making it an effective tool for engaging with diverse groups of clients.

---

### **What is the difference between the Freelancer and Freelancer Pro subscription plans offered by Pitch Pilot?**

In Pitch Pilot, the Freelancer plan offers management for multiple freelancer profiles, 100 proposals per month, custom job alerts, and more for a monthly cost of \$5. The Freelancer Pro plan costs \$20 per month and, in addition to the features of the Freelancer plan, it offers benefits targeted at high volume job applications and agencies, such as 500 proposals per month, unlimited RSS feeds, roll-over tokens for unused proposals, and a dedicated server.

---

### **What features are included in the Freelancer Pro package?**

The Freelancer Pro package of Pitch Pilot includes features such as the ability to handle, manage and switch between multiple freelancer profiles, the capability to execute 500 proposals per month, unlimited RSS feeds for extensive job

monitoring, continuous updates every minute, roll-over tokens enabling the carry-over of unused proposals each month, and a dedicated server for enhanced performance and reliability.

---

### **Does Pitch Pilot offer a free trial?**

Yes, Pitch Pilot offers a 14-day free trial for both the Freelancer and Freelancer Pro plans allowing users to experience the full set of features offered by the tool without commitment.

---

### **What functionalities are included in the 14-day free trial?**

The 14-day free trial offered by Pitch Pilot includes full access to the features and functionalities of the chosen subscription plan - whether it is the Freelancer or Freelancer Pro plan. This means users can manage multiple freelancer profiles, generate a set number of proposals each month, receive customized job alerts, and more depending on which subscription plan they're trialing.";

---

### **How does Pitch Pilot's real-time job alert system work?**

The real-time job alert system of Pitch Pilot works by leveraging super-responsive alerts that send notifications to users as soon as new job opportunities emerge on Upwork. These alerts reach the users within 60 seconds or even quicker, providing them with an edge over their competition.

---

### **How fast do I get job alerts with Pitch Pilot?**

With Pitch Pilot, real-time job alerts often reach the users within 60 seconds, sometimes even faster, ensuring they're one of the first to know about new job opportunities on Upwork.
