## **Frequently Asked Questions**

### **What languages does Immerse support?**

Immerse supports English, Spanish, and French languages.

---

### **How does the Immerse VR language learning tool work?**

Immerse works by offering a virtual world where subscribers can practice and learn a new language through various immersive programs. Lessons are led by trained language immersion instructors and community events are held to facilitate practice and develop conversational skills. There are also chat-based games that promote more relaxed and frequent usage of the chosen language.

---

### **What is the role of AI avatars in Immerse?**

The AI avatars in Immerse aid users in honing their communication skills across different fluency levels. They provide conversation partners that help users practice every communication skill.

---

### **Can I use Immerse without a VR headset?**

Yes, users can access Immerse on a desktop computer using a Google Chrome browser if they don't have a VR headset. However, for the ultimate immersive language learning experience, a VR headset, specifically a Meta Quest VR headset, is recommended.

---

### **Are the Immerse instructors AI or real humans?**

The instructors in Immerse are real humans, referred to as 'Guides'. They are expert language instructors who are thoroughly trained and are ready to assist users in accomplishing their language goals.

---

### **How can I monitor my progress in Immerse?**

Users can monitor their progress in Immerse through a personalized dashboard. The dashboard reports their progress every step of their immersion journey.

---

### **What are the chat-based games in Immerse?**

The chat-based games in Immerse are a part of the language learning experience, where users can meet up with friends, chat, connect, and play together. These games promote more relaxed and frequent usage of the chosen language.

---

### **Does Immerse offer any community events?**

Yes, Immerse offers community events led by their staff of instructors. These events are conducted 7 days a week and provide an additional avenue for learning and practising the chosen language.

---

### **Can I meet with friends on Immerse?**

Yes, users can meet with friends on Immerse. They can use this as an opportunity to practice their language skills in a relaxed and fun environment.

---

### **Are the programs in Immerse flexible?**

Yes, the programs in Immerse are flexible. They are designed so that adults from various walks of life can comfortably learn a new language at a pace and schedule that suits them.

---

### **Is Immerse designed for adults from all backgrounds?**

Yes, Immerse is designed for adults from all backgrounds and walks of life. It welcomes everyone interested in learning a new language, regardless of their previous knowledge or fluency levels.

---

### **What kind of results can I expect from using Immerse?**

Immerse claims that their method of teaching can lead to lower speaking anxiety, higher motivation, and long-term retention of language skills. This can result in significant improvement in language fluency and confidence.

---

### **How does Immerse help in building conversational skills?**

Immerse develops conversational skills by creating an environment where users can practice these skills in realistic and interactive scenarios. This can lead to improved grammatical accuracy, vocabulary development and increased fluency and confidence.

---

### **How does Immerse aim to lower speaking anxiety?**

Immerse reduces speaking anxiety by providing a relaxed, judgment-free environment where users can make mistakes, learn and practice at their own pace. Immerse also encourages frequent usage of the chosen language, which can help to build confidence and alleviate speaking anxiety.

---

### **What is the pricing for Immerse?**

The pricing for Immerse is \$35/month after the free 14-day trial. This cost is substantially cheaper than traditional tutoring, which is typically more than \$100/month.

---

### **Can I get a free trial for Immerse?**

Yes, Immerse offers a free 14-day trial to all new users. During this trial period, users have unrestricted access to lessons, events, games, and AI conversation practice.

---

### **Do I get unlimited access with my Immerse subscription?**

Yes, subscribing to Immerse grants unlimited access to lessons, community events, chat-based games, and AI conversation practice.

---

### **Could you tell me more about the Immerse dashboard?**

The Immerse dashboard is a personalized feature that allows users to monitor their progress throughout their learning journey. It provides comprehensive reports of their progress in different areas and fluency levels of the chosen language.

---

### **Does Immerse cater to different language fluency levels?**

Yes, Immerse caters to different language fluency levels. It helps users develop their skills across different fluency levels by offering structured lessons and providing AI avatars for practice.

---

### **Why is Immerse considered more effective than traditional tutoring?**

Immerse is considered more effective than traditional tutoring because it offers an interactive and immersive VR experience, contributing to long-term retention of language skills. Immerse's method not only minimizes speaking anxiety and increases motivation but is also 400% more effective as per their claims and \$65 cheaper per month than traditional tutoring.
