Frequently Asked Questions

What is SalesGPT?

SalesGPT is an AI-powered tool that supercharges sales productivity by generating personalized cold emails. It integrates with LinkedIn, which gives it the ability to learn about prospects and create individualized emails suited to their specific needs and interests.

How does SalesGPT work?

SalesGPT operates by integrating with a prospect's LinkedIn profile, going through the information available including employment updates and industry blogs. Subsequently, it compiles this research to effectively use it in conjunction with the power of ChatGPT to generate cold emails that are tailored specifically to the prospect.

What are the main features of SalesGPT?

The main features of SalesGPT include the generation of personalized cold emails, generation of follow up emails and first lines for each prospect, lead generation, access to the history of AI-generated emails, and potential CRM and email tool integration.

How does SalesGPT integrate with LinkedIn?

SalesGPT integrates with LinkedIn by using the platform to learn about prospects. It reviews prospects' profiles, going through employment updates and related industry articles, and uses this data to create customized emails tailored to their specific needs and interests.

Can SalesGPT assist in lead generation?

Yes, SalesGPT can assist in lead generation. By providing a clear description of the ideal leads, SalesGPT harnesses the power of ChatGPT to discover well-matched prospects, complete with their LinkedIn profile URLs and email IDs.

How does SalesGPT find well-matched prospects?

SalesGPT finds well-matched prospects by having users provide a concise description of their desired leads. It will then use ChatGPT to locate prospects that aligned with this description, avail their LinkedIn profile URLs and email IDs, making connection with potential clients easier and more tailored to your specific business needs.

How can I get access to SalesGPT?

To get access to SalesGPT, you need to simply request access by submitting your email address. Access is granted on a weekly basis and your rank, determined by the number of referrals you generate, directly affects your access priority.

What does it mean by rankings in SalesGPT?

The ranking system in SalesGPT is a way to determine access priority for its users. Your rank, which is improved by generating more referrals, can enhance your chances of gaining access to SalesGPT faster.

How is the ranking determined in SalesGPT?

In SalesGPT, the ranking is determined by the number of referrals each user generates. The more referrals you make, the higher your rank will be, thereby increasing your chances of gaining access to SalesGPT sooner.

What is the pricing of SalesGPT?

SalesGPT offers multiple pricing tiers with the base plan costing \$9 per month.

Is there a free trial available for SalesGPT?

Yes, a free trial is available for SalesGPT. You can use SalesGPT to generate your first 5 AI-generated cold emails free of charge before committing to a paid subscription.

What integrations does SalesGPT plan to offer in the future?

SalesGPT has plans to integrate with popular CRM and email tools including Gmail, MailChimp, and Salesforce in the future.

How can I access the history of AI-generated emails in SalesGPT?

In SalesGPT, you can easily access your history of AI-generated cold emails. This makes it simple for you to keep track of your communications.

How can I request data removal in SalesGPT?

If you want to request data removal in SalesGPT, you just need to send a quick email request. After receiving your request, SalesGPT can remove your data from their records.

Does SalesGPT guarantee the data retention policies of third-party tools?

SalesGPT does not guarantee the data retention policies of third-party tools like OpenAI. This is because the control over these tools lies outside of SalesGPT's purview, hence the caution required when sharing confidential information.

What is included in SalesGPT's Privacy Policy and Terms of Service?

SalesGPT's Privacy Policy and Terms of Service contain details about their approach to user privacy and their guidelines for using the service. It includes details like how your data is used, protection measures, your obligations, and other important details relevant to the usage of SalesGPT.

How can I submit a request for access to SalesGPT?

To submit a request for access to SalesGPT, you need to click on 'Request Access' and submit your email address. Once you've done this, you stand a chance of being granted access during the next weekly admission.";
