- Requires installation of extension
- Size of 2.94MiB

#### ADDITIONAL LIMITATIONS

- ⚠ Only for Chrome
- ⚠ Autopilot may miss opportunities
- ⚠ Relies on user's network for referrals
- ⚠ May generate similar cover letters

## Frequently Asked Questions

### What is Minerva Copilot?

Minerva Copilot is a Chrome extension developed by Springworks. It aims to facilitate and hasten the job search process by automating various tasks, such as generating cover letters and facilitating referral requests.

### How does Minerva Copilot streamline the job hunting process?

Minerva Copilot streamlines the job hunting process by automating tasks like generating cover letters tailored for specific job applications and facilitating referral requests from a user's professional network. These features save users time and effort, making the job search process more efficient.

### What tasks can Minerva Copilot automate?

Minerva Copilot can automate the tasks of generating cover letters and facilitating referral requests. It can create personalized cover letters for specific job applications, thereby saving users time and effort. It also simplifies the process of requesting job referrals within the user's professional network.

### How does Minerva Copilot help to generate cover letters?

Minerva Copilot generates cover letters by providing users with an easy and efficient way to create personalized cover letters for their job applications. The extension automates the process, saving the user the time and effort usually spent on drafting cover letters manually.

### Can Minerva Copilot create personalized cover letters tailored for specific job applications?

Yes, Minerva Copilot can create personalized cover letters tailored for specific job applications. This feature helps users save time and effort by automatically generating cover letters suitable for each particular job the user is applying for.

### How does Minerva Copilot facilitate referral requests?

Minerva Copilot facilitates referral requests by enabling users to request referrals from their professional network within the extension itself. This simplifies the process of getting in touch with contacts for job referrals, potentially enhancing the chances of obtaining interviews.

### What is the autopilot mode in Minerva Copilot?

The autopilot mode in Minerva Copilot allows job seekers to automate their job hunt while still maintaining control over the process. It manages certain tasks, providing personalized support and streamlining the job search experience.

### Who is the target user of Minerva Copilot?

Minerva Copilot is targeted at individuals seeking employment. It's designed to facilitate and expedite the job search process by automating certain tasks, making it a valuable tool for job seekers.";

### Who offers the Minerva Copilot extension?

The Minerva Copilot extension is offered by Springworks.

### How can I install the Minerva Copilot extension?

The Minerva Copilot extension can be installed from the Chrome Web Store. Upon visiting the store, users can locate the extension via the search bar, click on it and then click 'Add to Chrome' to install it.

### What are some unique features of Minerva Copilot?

Some unique features of Minerva Copilot include the ability to generate personalized cover letters for specific job applications, facilitate referral requests from a user's professional network, and an autopilot mode that helps automate the job hunt while still allowing the user to maintain control.

### How does Minerva Copilot increase the chances of landing interviews?

Minerva Copilot increases the chances of landing interviews by facilitating referral requests from a user's professional network. By simplifying this process, it can potentially lead to higher chances of securing interviews.

---

### **Is Minerva Copilot user-friendly?**
