#### ADDITIONAL LIMITATIONS

- △ Only works with Gmail
- △ Limited tasks in free version
- △ Automated task creation missing
- △ No built-in task prioritization

## Frequently Asked Questions

### What is Nexo?

Nexo is a chrome extension that uses Artificial Intelligence to generate tasks from any email thread or call transcript. Once installed, with a single click, Nexo can create a highly contextual follow-up task.

### How does Nexo help in managing emails and call transcripts?

Nexo analyzes an email thread or call transcript and crafts suitable tasks from it. It identifies and extracts key details such as the task name, due date, and contact information, thus helping in the effective management of emails and call transcripts.

### Can Nexo provide a customized due date for each task?

Nexo is capable of providing a customized due date for each task. It analyzes each email or call transcript to determine the best possible due date.

### What specific functions does Nexo offer to sales professionals?

Nexo offers a variety of functions to sales professionals. It transforms emails and call transcripts into actionable tasks, maintaining a simplified account and contact tracking, ensuring no deals or opportunities are missed. It also helps in tracking sales pipelines.

### Can Nexo be used outside the sales profession?

Yes, Nexo can be utilized by anyone whose work requires handling actionable items within emails, not just sales professionals. It's designed to replace the traditional to-do lists, providing valuable context to every task.

### Does Nexo only work with Gmail?

Currently, Nexo only works with Gmail.

### What are the plans to support other email clients?

Though Nexo currently only works with Gmail, there are plans to extend its support to other email clients in the future.

### How does Nexo ensure data privacy?

Nexo ensures data privacy by processing your emails into tasks without storing any of your emails. This maintains the confidentiality of your information.

### Does Nexo store my emails?

No, Nexo does not store any of your emails. It only processes them into tasks.

### How can Nexo enhance traditional to-do lists?

Nexo enhances traditional to-do lists by adding a layer of context. It takes emails and call transcripts and transforms them into tasks, including relevant details such as task name, due date, and related contact information, providing a more comprehensive to-do system.

### What are the main features of Nexo?

The main features of Nexo are transforming emails and call transcripts into actionable tasks, tracking sales pipelines, account and contact tracking, and ensuring data privacy. It currently works only with Gmail but plans to support other email clients in the future.

### How does Nexo integrate with my current email client?

After installing Nexo as a chrome extension, you simply click the Nexo icon in a Gmail thread, and it will create a follow-up task for you. It currently works only with Gmail.

### Can Nexo automate task creation from call transcripts?

Yes, Nexo can automate task creation from call transcripts. It can extract any action items from a call and suggest tasks based on them.

---

### **What are the AI capabilities of Nexo?**

Nexo uses cutting-edge AI models to efficiently transform emails and call transcripts into tasks. The free plan offers limited AI capabilities with the base AI model, while the premium plan grants access to an advanced AI model.

---

### **Can I just upload or paste a call transcript for task creation?**

Yes, Nexo allows you to paste or upload a call transcript. It will then extract any actionable items found in the transcript, and you can select the ones you want to create tasks for.

---

### **Can Nexo be used to manage sales pipelines?**

Yes, Nexo includes a feature to track your sales pipeline. This provides a simplified account and contact tracking.

---

### **Is there an option for a task to include contextual contact information?**

Yes, each task created by Nexo includes highly contextual contact information extracted from the email thread or the call transcript.

---

### **Is there a free version of Nexo?**

Yes, there is a free version of Nexo. This plan offers basic functions with limited AI capabilities, creating up to 30 AI-generated tasks per month and unlimited manual tasks.

---

### **What extra benefits does the Premium Plan offer?**

The premium plan of Nexo offers more AI-generated tasks - up to 200 per month - and access to an upgraded, advanced AI model. The premium plan also comes with unlimited manual tasks and account and contact tracking per month.
