What It Does

Claude Code is an agentic AI coding assistant by Anthropic that operates from the command line. It can read, write, and edit files across your entire codebase, run commands, execute tests, fix bugs, and implement features end-to-end. Unlike copilot-style tools, Claude Code can autonomously handle multi-step engineering tasks without constant supervision.

CONTENT QUALITY

95/100

USEFULNESS SCORE

97/100

Pros

➕ What Works Well

+ Autonomous multi-step coding tasks
+ Full codebase awareness
+ Runs shell commands and tests
+ Git integration
+ No IDE required

Cons

➖ Limitations to Consider

− Terminal-based (less visual)
− Requires Anthropic API/subscription
− Beta product — evolving rapidly
