- Limited customisation options
- No multilingual support
- Doesn't identify allergies

> **ADDITIONAL LIMITATIONS**
>
> ⚠ Pay-as-you-go system
>
> ⚠ No monthly subscriptions
>
> ⚠ Limited free trial
>
> ⚠ Potential incorrect recipe extraction

Frequently Asked Questions

What is RecipeBox?

RecipeBox is an AI-based tool designed to make meal preparation easier. It pulls recipes from various websites and generates an interactive shopping list. It enables customization and offers a pay-as-you-go system along with robust data security.

How does RecipeBox use AI to streamline meal preparation?

RecipeBox uses AI technology to read recipes from various websites and extract detailed information including the ingredients required and the steps involved in the meal preparation process. This information is then used to generate an easy-to-follow cooking guide and an automated shopping list.

What information does the AI of RecipeBox extract from recipes?

The AI technology of RecipeBox is designed to extract rich details from the recipes. It pulls out the required ingredients and the steps involved in the cooking process.

How does RecipeBox create an interactive shopping list?

After extracting the ingredients from the recipes, RecipeBox uses this information to generate an interactive shopping list. Users can check off items as they shop, providing a convenient way to keep track of purchased items.

How do I alter the recipes in RecipeBox to my personal preference?

RecipeBox provides a customization feature that allows you to alter the recipe to your personal preference. You can edit the ingredients and the cooking steps to fit your taste and dietary needs.

Can I add my own recipes to RecipeBox?

Yes, with RecipeBox, you can add and customize your own recipes. This allows for greater personalization and creativity in your meal preparation process.

How does the tracking of purchased items work in RecipeBox?

RecipeBox offers an interactive shopping list. Once the ingredients are extracted from the recipes, you can check off items as you shop. This feature allows you to easily keep track of what you've already purchased.

What is the payment system of RecipeBox like?

RecipeBox operates on a pay-as-you-go system. This means that you only pay for what you use, with no tie-in to monthly subscriptions. They provide various credit packs for purchase based on your needs.

What measures does RecipeBox take to ensure data security?

RecipeBox takes the security of your data very seriously. Your data is encrypted and stored securely, and they guarantee not to share your data with any third parties.

Can RecipeBox pull recipes from any website?

Yes, RecipeBox can pull recipes from different websites. It uses AI to read these recipes and extract the ingredients and steps involved in cooking.

Can I edit the cooking instructions or ingredients of the recipes in RecipeBox?

Yes, RecipeBox allows you to edit the ingredients and cooking instructions of the recipes. This can be done at any time to make the recipe align better with your personal preferences or dietary needs.

How does the extraction process in RecipeBox work?

The extraction process in RecipeBox involves the use of AI technology to read the recipes. It then pulls out essential details such as the ingredients required and the steps involved in the preparation process. These details are then used to create a straightforward cooking guide and shopping list.

How can I get a refund in RecipeBox if not satisfied?

If you are not satisfied with RecipeBox, you can request a refund within three days of your purchase by reaching out via email.

Which features do the credits in RecipeBox give access to?

Purchased credits in RecipeBox give you access to various features such as ingredient extraction, shopping list generation, recipe instructions extraction, and full customization of recipes.

How are the credits in RecipeBox used?

In RecipeBox, credits are used to generate a shopping list or save a recipe. Each of these actions will consume one of your credits.

Are there any limitations on the ownership of the recipes in RecipeBox?

In RecipeBox, while you can use the contents of the recipes for personal use, you don't own the contents of the recipes. This means the recipes can not be used for commercial purposes without proper permissions from the respective owners.

How can I get started with RecipeBox?

Starting with RecipeBox is easy. Simply sign up on their website and get started for free. No credit card is required at the time of signing up.

Does RecipeBox have a monthly subscription service?

No, RecipeBox does not have a monthly subscription service. It operates on a pay-as-you-go system, which means you only pay for what you use. There are no hidden fees or monthly charges.

Is there a possibility of sharing my data with third parties in RecipeBox?

There is no possibility of RecipeBox sharing your data with third parties. They ensure users' data is encrypted and kept secure, emphasizing that user data will not be shared with anyone.

What exactly do my credits allow me to do in RecipeBox?

Your credits in RecipeBox allow you to generate a shopping list or save a recipe. Each of these actions uses one credit. You also have full access to the customization feature which allows you to alter recipe ingredients and instructions to fit your preference.
