> **ADDITIONAL LIMITATIONS**
>
> ⚠ 3-18 hour processing time
> ⚠ Expensive one-time fee
> ⚠ Not guaranteed results
> ⚠ Requires 5 user photos

Frequently Asked Questions

What is Hairgen.ai?

Hairgen.ai is an AI-powered tool that allows users to preview the results of a FUE/FUT hair transplant before they commit to the procedure.

How does Hairgen.ai work?

Hairgen.ai works by allowing users to upload a photo, after which they draw the general area of hair addition. The tool then generates a photorealistic preview of the user's post-surgery appearance.

How many photos can I upload to Hairgen.ai?

You can upload up to five photos to Hairgen.ai.

How long does Hairgen.ai take to process an image?

Hairgen.ai takes between 3 and 18 hours to process an image.

How much does it cost to use Hairgen.ai?

The cost to use Hairgen.ai is a one-time fee of $29.

How secure is my data with Hairgen.ai?

Your data with Hairgen.ai is secure. Your photos are kept private and deleted from the server on a rolling basis. The option to automatically delete patient data is available.

Is my email address shared with anyone when using Hairgen.ai?

No, your email address is not shared with anyone when using Hairgen.ai.

What is the purpose of Hairgen.ai's photorealistic rendering?

The purpose of Hairgen.ai's photorealistic rendering is to give users a realistic idea of how they will look post-surgery. This can increase conversions for clinics and improve the decision-making process for users.

Can I use Hairgen.ai from anywhere?

Yes, you can use Hairgen.ai from anywhere. It has cloud accessibility, meaning it can be used anytime, on any phone, tablet, or computer.

Does Hairgen.ai offer adjustable hair color, hairline, and length?

Yes, Hairgen.ai offers adjustable hair color, hairline, and length to align with patient preferences.

How quickly does Hairgen.ai render the photos?

Hairgen.ai renders photos in less than 30 seconds on average.

Does Hairgen.ai require special equipment or installation?

No, Hairgen.ai does not require special equipment or installation. The tool can be used on existing office computers or tablets.

Can I embed Hairgen.ai on my own website?

Yes, Hairgen.ai can be embedded on your own website or used as a standalone app.

Is the simulation outcome from Hairgen.ai guaranteed?

No, the simulations produced by Hairgen.ai are not guarantees. They are designed to show a range of potential visual outcomes post-transplant.

Does Hairgen.ai have a Terms of Service and Privacy Policy?

Yes, Hairgen.ai has a Terms of Service and Privacy Policy to protect user data.

Can I get a preview of my hairline prior to a hair transplant with Hairgen.ai?

Yes, for a one-time fee, Hairgen.ai allows you to preview your hairline prior to a hair transplant procedure.

Is Hairgen.ai tolerable to less ideal photos?

Yes, Hairgen.ai is tolerant to less ideal photos, meaning almost any photos, even selfies, can be used.

Can clinics customize Hairgen.ai to suit their unique marketing needs?

Yes, clinics can leverage Hairgen.ai as a white-labeled solution, adding customization to suit their unique marketing needs.

Can Hairgen.ai increase the conversion rates for my clinic?

Yes, Hairgen.ai can increase the conversion rates for your clinic by showing patients a better version of themselves and demonstrating the dramatic effect that more hair has on their overall appearance.

Does Hairgen.ai have features that are accesible via the cloud?

Yes, Hairgen.ai has features, such as photorealistic rendering, that are accessible via the cloud.
